STATEMENT OF THE SUBSTANCE OF THE INTERVIEW

Dear Sir:

In response to the telephonic interview between Examiner Bergin and Applicants' Representative, Keith R. Derrington, applicant hereby files this Statement of the Substance of the Interview.

Examiner Bergin and Mr. Derrington discussed ways of amending claim 7 to overcome Bouguyon et al. and any other known prior art. It was decided to amend claim 7, lines 6 and 7 to read, "and wherein the inner surface of the bushing substantially circumscribes the outer surface of the casing walls". Examiner Bergin agreed to make this amendment by examiner's amendment and to pass the case to issue.
